

Mediterranean Seafood Salad

A medley of Pacific Octopus caught off the coast of British Columbia, Squid, Shrimps, Clams, Mussels, roasted red Peppers, Artichoke's Hearts, Capers, fresh garlic and extra virgin Olive oil... this is the perfect appetizer to share with your friends with some bread crostini and a glass of chilled white wine! Best enjoyed at room temperature, it must otherwise stay chilled and sealed in your fridge. It adds a unique twist to any Antipasto platter and you'll be the talk of the party, if you bring it to an Appy Night to share with your Friends!!
